COMMUNICATION

Ms. RC Tang
Assistant Commissioner for Patents
Box DAC (Office of Petitions)
Washington, D.C. 20231

Dear Ms. Tang:

As a follow up to our telephone conversation of September 19, 2002, I offer the following comment regarding express mail label numbers for the two submissions sent January 28, 2002, in the above-identified case.

The first submission (which contained all required application parts, including the preliminary amendment, but not the prior application) was sent on January 28, 2002, with Express Mail label number ET 616 070 751 US. The second submission which contained the prior application was sent on January 28, 2002, via Express Mail, but erroneously listed the Express Mail label number of the first submission. The second submission was granted a filing date of January 28, 2002 and serial no. 10/060,035. The Express Mail label number for the

second submission is not available, though the second submission was certainly sent by Express Mail given our standard office procedure and the date of receipt at the Patent Office.

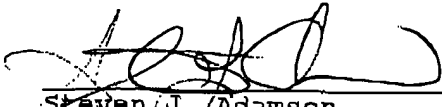

Should you have further questions or comments regarding this manner, please do not hesitate to contact me.

Respectfully submitted,
